

Sorento GT Line Exclusive Features

Dynamax™ AWD Coupling

The intelligent Dynamax All-Wheel Drive (AWD) adds stability when rounding corners, and eliminates unintended over- and under-steer.

Paddle Shifters

Change gears without taking your hands off the wheel using the chrome-finished paddle shifters.

LED Fog Lamps

The four-point LED fog lamp illuminates foggy stretches of road, with a long-lasting source of consistent, bright lighting.

Infotainment System with Apple CarPlay

The 7-inch touchscreen system offers Apple CarPlay connectivity as well as up-to-date navigation through Apple Maps.

Red Brake Callipers

The Sorento GT Line features bright red brake callipers, visible between wheel spokes.

Red Leather Upholstery

Red leather seats and door inserts exude a luxurious vibe similar to that of a fine sports car.

The Power to Surprise

Smart Parking Assist System (SPAS)

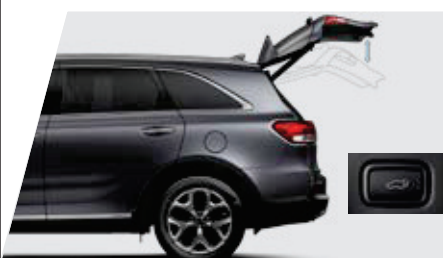

The SPAS steers the vehicle into place automatically, for both parallel and perpendicular parking.

Standard Features

Ventilated front seats and driver's memory seat

Air blown through the front seats keep occupants cool, and the driver's seat can retain the preferred position of up to two users.

Smart power tailgate with memory function

The tailgate opens when the smart key is detected nearby. With its memory function, your favourite opening angles can be stored.

Panoramic sunroof

The dual-pane sunroof lets you enjoy the breeze and creates a spacious interior ambience.
