CAMRY

THE MARK OF A LEADER

Innovation that
leads the pack.

The Camry.

**FOR THOSE DRIVEN
BY EXCELLENCE.**

Setting New Benchmarks. **The Camry.**

BEST SELLING MID-SIZED SEDAN

- Over 20 million units sold worldwide since 1982
- Top-selling car in its class in Singapore for 13 years

STYLISH DESIGN

- Distinct large trapezoidal front grille with classy chrome surround
- Newly designed HID headlamps with LED Daytime Running Lights
- Sleek LED rear combination lamps

UNRIVALLED LUXURY

- Generous and voluminous cabin space
- Ergonomic cockpit and rear seats
- Pleasant ambient lighting with clear blue illumination
- Comfortable front ventilation seats (2.5L/Hybrid)
- Driver memory seat (2.5L/Hybrid)
- High quality craftsmanship with intricate wood accents and leather upholstery

PIONEERING TECHNOLOGY

- New 2.0L VVT-iW engine
- Toyota's own D-4S technology (2.0L)
- 4.2" full color Multi-information Display (MID)
- Latest Toyota InTouch telematics system (2.0L/2.5L)
- 6-speed super ECT Transmission

Impressive Exterior

Elegance takes shape in the new Camry

FRONT DESIGN

UNFORGETTABLE FIRST IMPRESSION

A distinct large trapezoidal front grille with classy chrome surround exudes a powerful persona.

HIGH INTENSITY DISCHARGE (HID) HEADLAMPS

BE CAPTIVATED

Eye-catching HID headlamps with LED daytime running lights ensure the new Camry shines bright, every time.

REAR COMBINATION LAMPS

BRIGHT & BOLD

Rear garnish blends into the LED tail and brake lamps, enhancing the Camry's width further.

POWER RETRACTABLE WING MIRRORS

ADDED CONVENIENCE

Wing mirrors fold automatically when the doors are locked (2.5L and Hybrid variants). For the 2.0L variant, they can be folded at the touch of a button.

SPORTS RIMS

AESTHETICALLY ASTOUNDING

Sporty and dynamic rims complements and elevates the look of the car. 16" rims for 2.0L, 17" rims for 2.5L.

TRUNK SPACE

SPACIOUS STORAGE

With a huge luggage space of 484 liters, the new Camry trunk can accommodate up to 4 golf bags.

Impeccable Interior

A luxuriously comfortable cabin for the most discerning

BLUE ILLUMINATION PLEASANT AMBIENT LIGHTING

The clear blue illumination creates a unique and pleasant mood, transforming the new Camry into a feel-good space.

4.2" FULL-COLOR MULTI-INFORMATION DISPLAY (MID) INFORMATION AT A GLANCE

Indicates information like average fuel consumption, cruise control speed setting and even distance between vehicles or obstacles when corner sensors are activated.

TOYOTA INTOUCH TELEMATICS SYSTEM STAY CONNECTED ON THE ROAD

Makes a smart and seamless connection between the driver and the Camry. (2.0L/2.5L)

VENTILATED FRONT SEATS UNRIVALLED SEATING COMFORT

Enjoy the cool breeze through fans in the front seat cushion and the back of the seat for a refreshing ride, every time. (2.5L/Hybrid)

POWER SUNSHADE PRIVACY AND PROTECTION

Get extra protection from the sun while enjoying the comforts in full privacy, all with just a touch of a button. (2.5L/Hybrid)

MEMORY DRIVER SEAT REMARKABLE CONVENIENCE

Two position memory settings allow drivers to recall their preferred seat settings, ensuring convenience like no other. (2.5L/Hybrid)

**A CLASS LEADER POWERED BY
THE WORLD'S LEADING TECHNOLOGY.**

CAMRY HYBRID 2.5

\$10,000 CEVS Rebate	
5.1 l/100km Fuel Efficiency	119 g/km CO ₂ Emission

CEVS rebate w.e.f. 1 Jul 2015

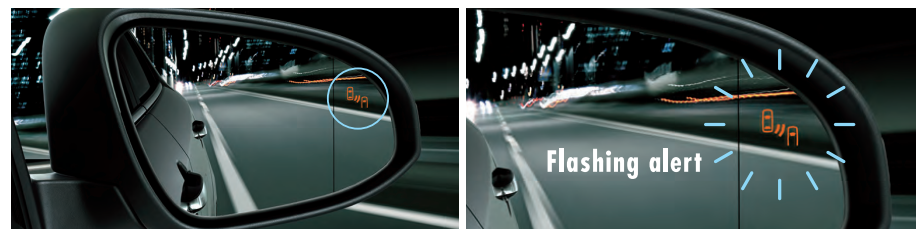

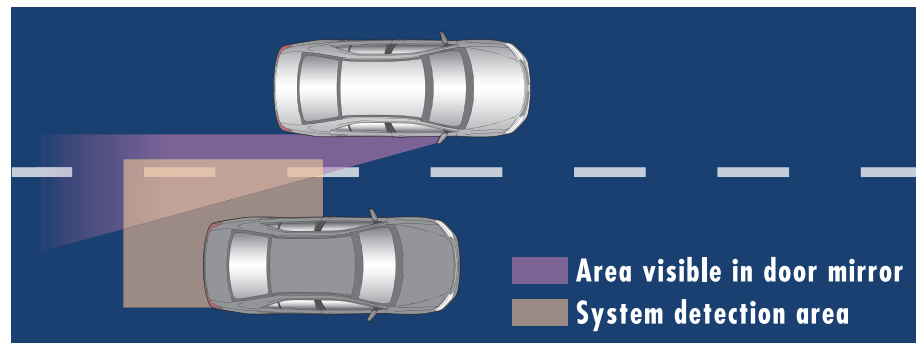

Leading Safety & Performance

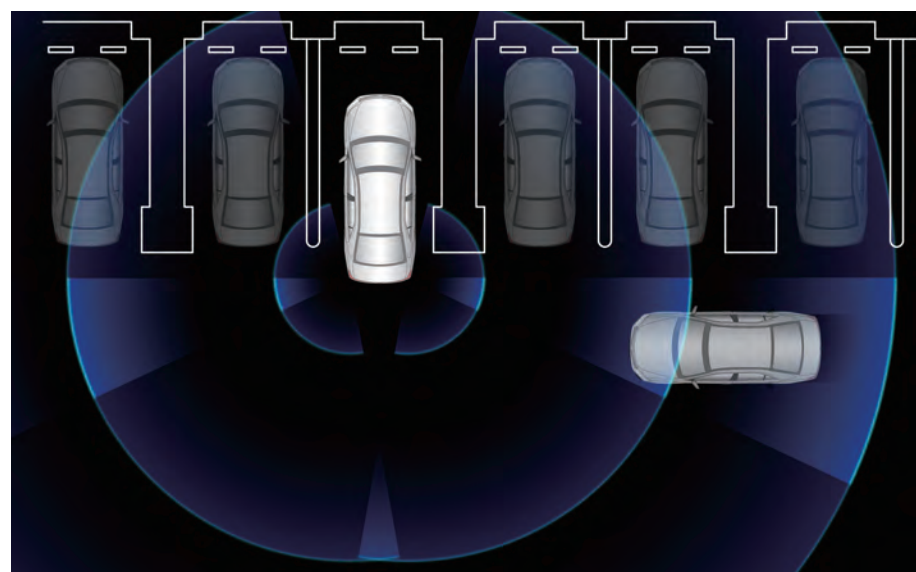

When you deserve nothing less than Toyota's top-class safety

**LED HEADLAMPS
NIGHT TIME PRESENCE**
Low-beam LED headlamps enhance night visibility while adding to a prestigious sedan feel.

**BLIND SPOT MONITOR
CONFIDENT WHEN CHANGING LANES**
Uses millimeter wave radar sensors to detect vehicles traveling in the Camry's blind spot.

**REAR CROSS TRAFFIC ALERT
PARKING PERFECTION**
Activated when in reverse and detects other vehicles approaching from the right or left rear of the vehicle. Alerts the driver by flashing the side mirror indicators and sounding a warning buzzer.

Revolutionary Hybrid Technology

A driving experience that's not only more engaging, but also better for the environment

Interior Features

Surround yourself with Toyota's intuitive technology

**DRIVE MODE SELECTION
FLEXIBLE FUEL ECONOMY**
Two levels of efficiency can be chosen, ECO mode or the environmentally friendly EV mode, which uses the electric motor only.

**REAR ARMREST CONTROL PANEL
CONTROL AT YOUR FINGERTIPS**
Passengers can independently adjust temperature and audio settings, and recline seats, using the rear armrest control panel.

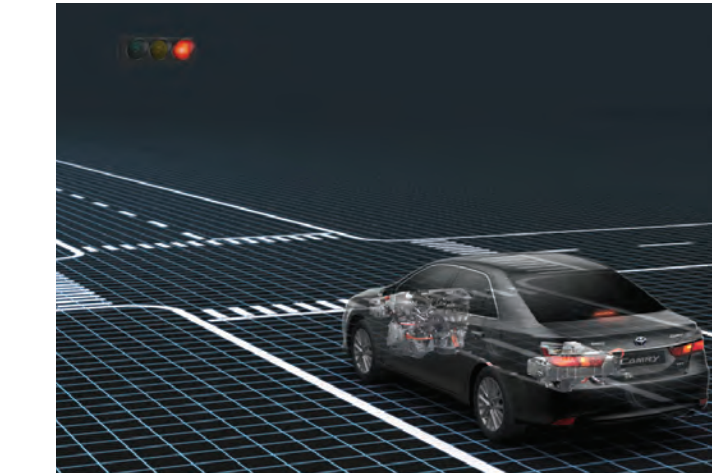

**TRUNK SPACE
SPACIOUS STORAGE**
An excellent design delivers a large luggage capacity of 392 liters, or about 4 golf bags.

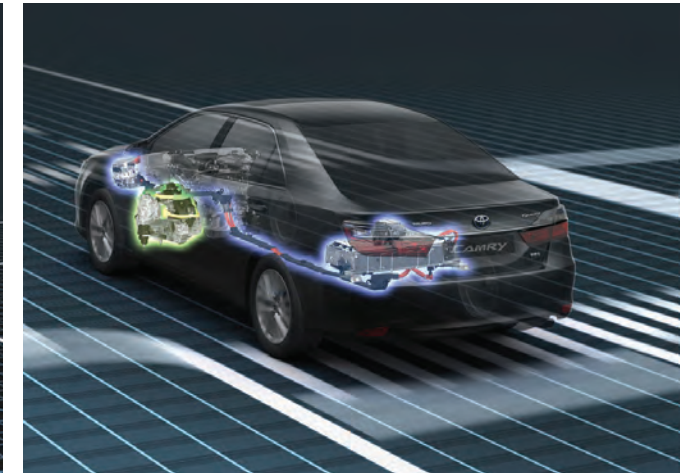

**REAR WINDOWS MANUAL SUNSHADE
COOLER INTERIOR WITH ADDED PRIVACY**
Built-in rear window sunshades can be manually drawn for privacy and protection against the sun.

Hybrid Intelligence

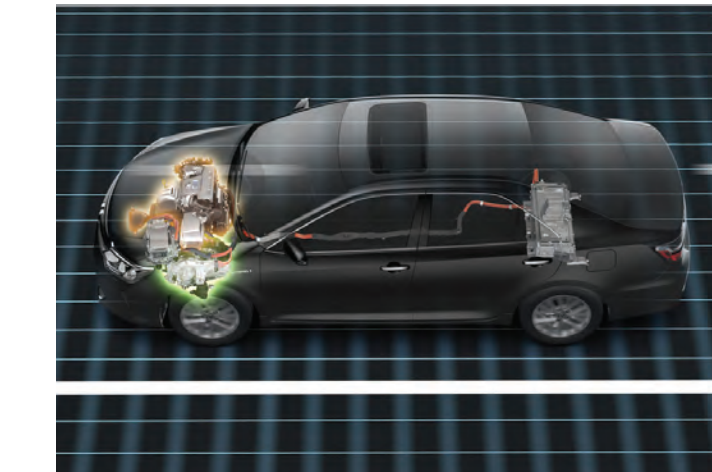

Enjoy perfect city driving, only with the world's most advanced hybrid system

FUEL EFFICIENT
When the Camry is at a stop, both the engine and motor stop. Thus, no fuel is consumed.

ZERO FUEL CONSUMPTION AND EMISSIONS
When starting up from a stop, the electric motor can propel the Camry with electric power supplied solely by the hybrid battery. At this point, the Camry is almost silent, with zero petrol consumption and emission.

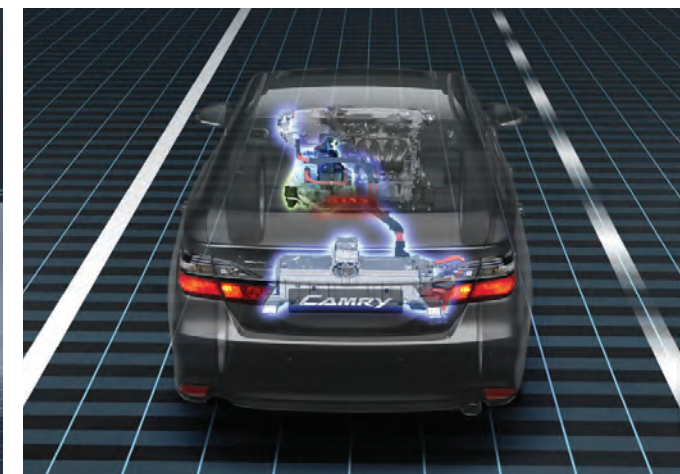

SEAMLESS ACCELERATION
During normal driving, the engine and electric motor work seamlessly. This near-perfect distribution of its dual power sources provides exceptional driving comfort with lower emissions and fuel consumption.

SMOOTH AND POWERFUL DRIVE
During acceleration, the electric motor supplements the engine to deliver a surge of torque, providing a powerful and smooth linear acceleration precisely when you need it.

CABIN QUIETNESS
When in EV mode, the Camry Hybrid only uses its electric motor and is practically silent.

SELF-CHARGING
When decelerating, stopping or braking, the engine turns off, cutting emissions to zero. The rotation of the decelerating wheels is also used to drive the motor as a generator that captures kinetic energy to recharge the battery.

Details and specifications may differ from pictures shown depending on models.

Commanding Performance

Stay ahead of the curve with its progressive engineering

2.0L VVT-iW ENGINE

DESIGNED TO THRILL

The new 2.0L VVT-iW engine and the D-4S fuel injection system offers 14% more fuel efficiency while delivering an impressive 164bhp.

6-SPEED AUTOMATIC TRANSMISSION

STAY DRIVEN

Enjoy ease of shifting, precise shift travel and a smooth gear change sequence without ever compromising on power.

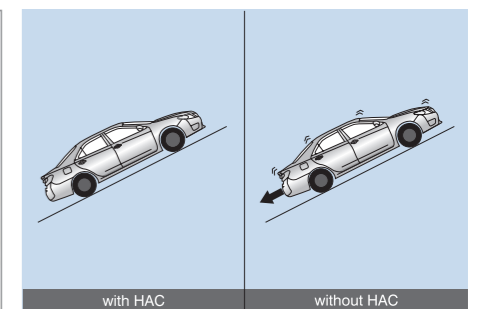

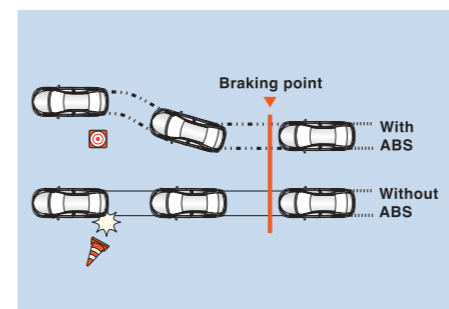

AERO-STABILISING FINS

ENHANCED STABILITY

Small fins positioned at strategic areas create aerodynamic pressure along both sides of the vehicle, contributing to overall vehicle stability.

World-class Safety

Remarkable safety features to guarantee peace of mind

AIRBAGS & CORNER SENSORS FIRST-CLASS PROTECTION ALL AROUND

Upon collision, SRS airbags deploy in milliseconds to minimise impact. While special sensors around the car aid driver to manoeuvre safely when in tight spaces.

REVERSE CAMERA HEIGHTENED AWARENESS

Live camera feed with dynamic guidelines provides easy reversing operations for parking

VEHICLE STABILITY CONTROL ON TRACK FOR EXCELLENCE

When skidding is detected, automatic control is applied onto affected wheels, ensuring you stay on track.

ANTI-LOCK BRAKING SYSTEM STAY IN CONTROL

Helps prevent wheel-lock under emergency braking or on slippery surfaces so you stay in control.

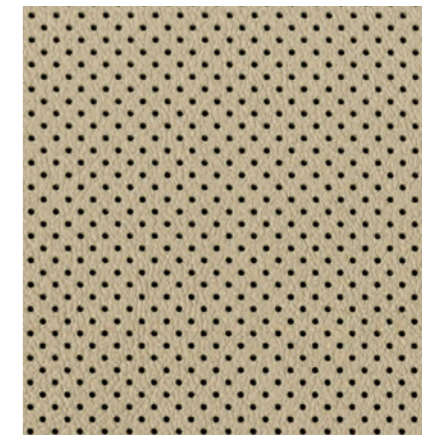

EMERGENCY BRAKE SIGNAL WARNING INDICATORS

Upon sudden braking, hazard lights will light up to warn vehicles behind.

HILL-START ASSIST CONTROL (HAC) FULL INCLINE SUPPORT

Provides assistance when starting off on steep uphill sections by controlling brake fluid pressure. This prevents vehicle from rolling backwards.

Interior Colours

2.0L – Black

2.5L – Flaxen

Exclusive Shades

Toyota is the world's top R&D spender, investing almost US\$9 billion a year. That's more than US\$1 million an hour.

At Toyota, we believe there is Always a Better Way. Our R&D is a testament to our "Kaizen" spirit – the Japanese philosophy of continuous improvement.

This is the impetus to all of Toyota's developments, like the ones you'll find in the Camry. At its heart is the innovative Direct Injection 4 Stroke (D-4S) petrol engine that employs either port, direct, or even simultaneous injection to increase charging efficiency and power output. This is combined with an updated VVT-iW system that now runs on the Atkinson cycle, giving you better fuel efficiency and performance where you need it. Along with an intelligent gearbox with 6-speed Super Electronic Control transmission, the Camry is quieter, smarter and better, making it a true mark of leadership.

All of these and more have led us to become a global benchmark for Quality, Durability and Reliability. Coupled with constant innovation and creativity, we anticipate your mobility needs so you can always look forward to better cars.

TOYOTA. ALWAYS BETTER.

VVT-iW Engine

D-4S Fuel Injection System

6-speed Super ECT

When you buy a Toyota from Borneo Motors, you get more than just a car. You get the satisfaction, assurance, support and convenience that are best captured in our brand promise: **Always Better.**

Always Better Cars

It is this same promise that drives us to understand your lifestyle. That's why we offer a range of models that caters to your needs today with innovations that fulfil the requirements of tomorrow. For example, Dual VVT-i engines that deliver a superior blend of performance and fuel economy, and Hybrid Synergy Drive, which minimises carbon emissions for cleaner air and a better quality of life. All these and more are part of the Toyota ownership experience that has grown to become the industry's benchmark.

Always Better Assurance

From the moment you collect your car, you will feel the world-renowned Toyota difference of Quality, Durability and Reliability, or QDR, as we call it.

This difference is further bolstered by an impressive five-year unlimited-mileage warranty, plus one year's servicing*. During which, and beyond, you can rest assured that your car will be cared for by our certified specialists, who use the latest in technology, precision tools and Toyota genuine parts.

These are just some of the things we have in place to ensure your car keeps performing the way it should – like a Toyota.

Always Better Experiences

No matter which facility you choose, you will receive that special Toyota touch, which gives you an ownership experience unlike any other.

It all starts at Toyota World, our experiential showroom that is designed to serve you better. One of the ownership privileges you'll appreciate is our online booking service, which allows you to make an appointment at any of our ten service facilities and body care centres islandwide. You will even receive an SMS reminder as your appointment date draws near, so you can better manage your time.

Toyota Service Express also guarantees to have your car serviced, manually cleaned, vacuumed and ready in just one hour**, or you pay only half. And should the need arise, you can count on our Toyota Body Express to get your repair works done efficiently in four systematic stages: Disassembly, Bodyworks & Paint Preparation, Paint Application and Assembly & Inspection.

Either way, we will make sure your car comes out as good as new.

Always Better Value

To reward your ownership experience with exceptional value, Toyota ME™, our loyalty programme, earns you points for all your purchases made at Toyota World. With these points you can redeem any of your preferred merchandise under the programme, or use them to offset the bill from your next service appointment.

While Toyota Shine Plus takes care of your car's grooming needs with special waxing and detailing packages. The first programme of its kind in the market, it helps you keep your car looking showroom-fresh. Complimentary with every new car purchase, it also offers insurance waivers and discounts on all body repair services.

These are just some of many things we have put in place to give you better mobility, quality and the best car ownership experience. But more than that, it is our way of helping you lead a better lifestyle.

Toyota. Always Better.
