The power to move ahead.

To truly enjoy your time behind the wheel, reliable safety is a must. The ECLIPSE CROSS comes equipped with various safety features that improve safety and peace of mind wherever you go.

Multi Around Monitor (Style variant only)

Park safely and conveniently. Cameras mounted on the front, rear, and sides of the vehicle work together to display various views of your vehicle (including a bird's-eye view) to reveal blind spots.

Active Stability Control (ASC)

When wheels lose their grip on slippery surfaces or while turning, ASC automatically adjusts engine output and applies braking force at the appropriate wheels to help maintain control and prevent skidding.

7 SRS AIRBAGS

Front airbags, side airbags, curtain airbags and a driver's knee airbag help protect you and your passengers in the event of a collision.

Explore the latest, buzzing, vibrant restaurant scenes conveniently with your smartphone. As you navigate your world freely from inside, there's no limit to the fun you can have.
