

SKODA

The new
Octavia

There is still plenty to explore

Every road you take in your life leads to new discoveries. Explore the next one with the new and improved Škoda Octavia. Enjoy the new tech that will enable you to work and live smarter.

The new Octavia is about more than just a smarter look. The new materials used in the interior are more pleasant to the touch and easier on the environment.

On the technological side of things, the interior is dominated by a pair of new and larger screens – 10.25" Virtual Cockpit and 13" Škoda Infotainment. These give you a perfect overview of the new features the Octavia has to offer.

The new Octavia features a 1.5 TSI engine, now available exclusively in a mild hybrid variant, offering enhanced performance and efficiency. That's the smart way of working and living. That's what we call Škoda.

A new look for every day

Whether it's workday or a holiday, it always feels good to stand out in the crowd. We made the new Škoda Octavia look, feel and function even smarter. Look great while searching for your next adventure!

Classic with a sharp edge

A crystalline signature on a timeless shape. The new Octavia retains all the sleekness, space and practicality it is known for and adds a crisper style .

Spacious in style

The distinctive light signature of the LED headlights and wide, imposing grille give the updated Octavia a new, characteristic look. Full LED rear lights with dynamic indicators further enhance its modern design. Once again, the Octavia shows that you actually can have it all – great looks, effective aerodynamics, and lots of practicality.

KESY

Never forget to lock your car ever again. With the new walkaway function, the Keyless Entry Start and Exit System will not only lock and unlock your car with a touch of the front door handles, but will also automatically lock the doors when you walk away with the key.

Virtual Pedal

Full hands are no longer a problem. With the Virtual Pedal, a simple swing of your foot under the bumper is all it takes to open the door. Available with the electrically operated tailgate.

Enhanced space

Still as spacious and now, also even more modern and luxurious. Our latest model features bigger, clearer screens, giving you a window into the digital world like never before. Inside, enjoy sustainably-made fittings that blend our rich Škoda traditions with modern innovation. Ambient lighting highlights clever little details, providing a complete and unforgettable Škoda experience.

Lounge Design Selection

The new Octavia's features perfectly complement the Lounge Design Selection, which includes comfort seats upholstered in black leather and Suedia for a luxurious touch. The interior showcases high-quality materials, a modern aesthetic, and exclusive details, enhanced by electrically adjustable front seats with a memory function for added convenience.

All the information, as you need it.

See what you need when you need it. Using the 10.25" Virtual Cockpit and 13" Škoda Infotainment, the new Octavia keeps you in the picture, with information ranked by importance.

Infotainment screen

The world at your fingertips. With a 13" touchscreen, the new Škoda Infotainment offers an even clearer way of displaying all the information and entertainment features. The new generation of the MIB system is not only smoother and faster in operation, but also offers new functions such as more intuitive menu structure for the infotainment system, more space for customer individualisation and new navigation maps.

Virtual Cockpit

All the key information right in front of you. The 10.25" Virtual Cockpit offers driving data in easy-to comprehend, customisable view.

Always connected

Stay seamlessly connected with our Wireless Smartlink for Apple Carplay and Android Auto, paired with the larger 13-inch touchscreen display and voice control. Effortlessly access your favorite apps, and stay in command with just a touch or a simple voice command..

Ambient lighting

Adjust the style of your car's interior to your current mood. The ambient lighting on the dashboard, front doors and leg room area can be set to a colour of your choice out of a wide range of options, instantly changing the overall atmosphere.

Smart storage for smart things

Even in today's digital world, we need a lot of physical things to carry around. Smartphones that need to be charged. Gloves, glasses and bags that need to be stowed away. Something to eat and something to drink. In the new Octavia, everything you might need is always on hand.

Always charged

The new 15W phone box enables fast charging of your smartphone, while active ventilation prevents it from overheating.

Jumbo Box

Have everything you need on hand. Jumbo box hidden in the armrest offers ample space to store everything you might need during your day on the road.

Simply clever

1.5L bottle storage points in all doors

Keep hydration within reach—each door is designed with a spacious storage compartment to securely hold 1.5L bottles.

Mobile phone pockets

Stay clutter-free with dedicated mobile phone pockets on the backs of the front seats, offering easy access and organised storage.

Umbrella storage compartment

An ingenious compartment with an original Škoda umbrella is fitted inside the driver's door. It is designed to let water drain away from the car, keeping the interior dry.

Easy-Open cup holder

The bottle holder in the centre console is designed to hold the bottom of a standard 0.5-litre PET bottle securely in place so that you can open or close it with one hand while driving.

Extra large space for extra large life

Lots of room is just the beginning. To allow you to make the most of it, we filled it with practical features and smart tricks. Everything has enough space here, and everything will also stay in its place.

Luggage room

The Octavia once again leads with best-in-class luggage space, offering up to 1,555L in the Liftback and an impressive up to 1,700L in the Combi. Now enhanced with smart solutions like a net system, practical hooks, and versatile cargo elements for even greater convenience.

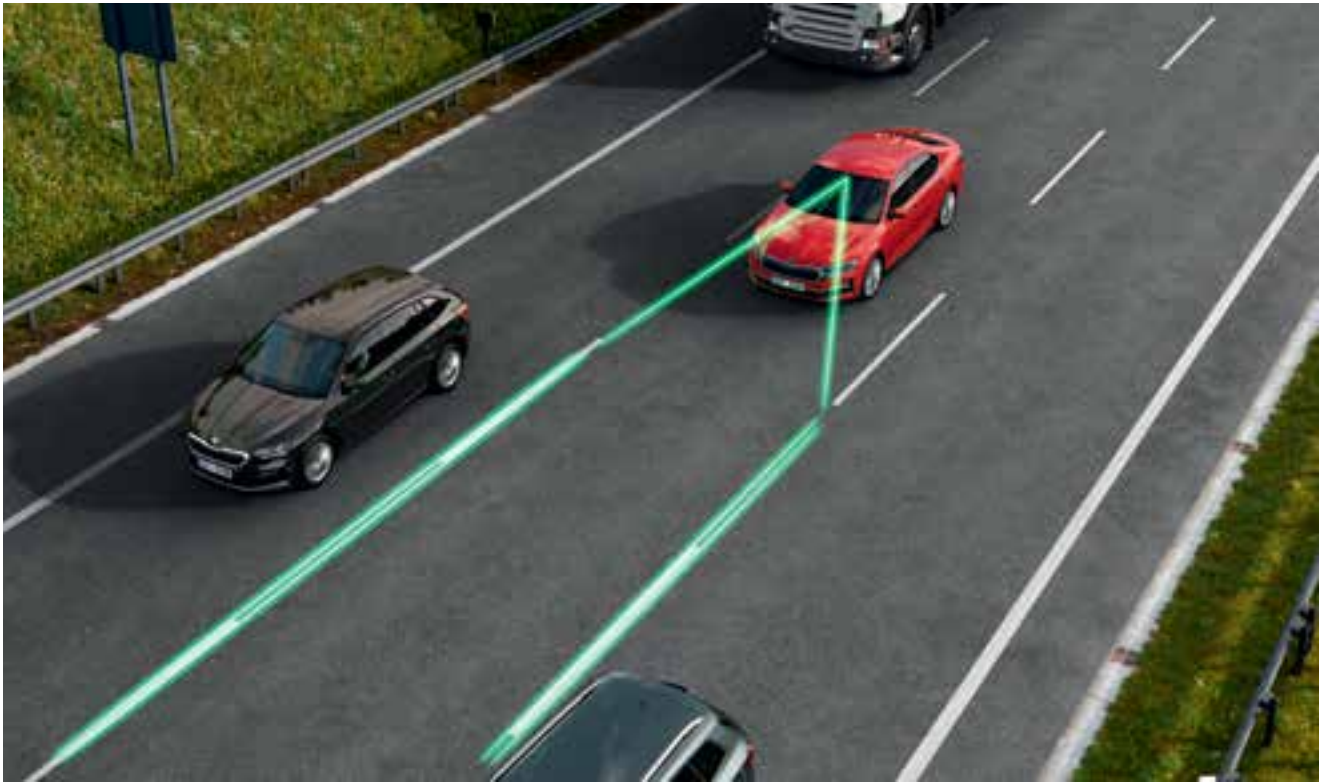

Smart boot solutions

Exclusively in the Combi, enjoy enhanced convenience with an automatic retractable luggage compartment cover and a variable boot floor, providing even more storage versatility.

Safer. Easier. Smarter.

We at Škoda take safety as a top concern. The Octavia comes with a safety system that combines Lane Assist with Front Assist for enhanced safety and convenience.

Lane Assist

The system is capable of keeping the car in the middle of the correct lane and of alerting the driver in case of deviation.

Front Assist

Faced with an unavoidable collision, Front Assist applies the brakes to minimise the consequences. It also performs an emergency stop if a pedestrian or cyclist attempts to cross the path of the car. The system also registers pedestrians and cyclists travelling in the same direction as the car and, in relation to these road users, uses the same warning and braking process as that applied to vehicles ahead.
