

NEW
CITROËN E-DISPATCH – 100% ÉLECTRIC

During the 90s Le Tone had a major hit, "Joli Dragon", and devoted himself to music for 15 years before progressively moving towards illustrative art. Since 2011 his creations have been exhibited in famous places such as the

Pompidou centre. An admirer of artists who know how to make the best use of colour, Le Tone confesses to having a weakness for black and white, which he uses to tell simple stories by using felt pen drawings in notebooks.

1951

Innovative, light, tough and economical, the 2CV Mini-van has always been a much-loved classic. Between 1951 and 1978 over 1.2 million were made, and they remain highly collectable today.

2020

Citroën launches ë-Dispatch – 100% electric. Amongst several major competitive advantages, it boasts a range of up to 339km (WLTP) and fast charging to 80% in only 48 mins, unrivalled in its segment. These are just two of many reasons that immediately make it a benchmark for professionals.

* Based on 100kW DC charger

1934

Citroën revolutionises the automotive landscape with the Traction Avant. The famous name relates to its ground breaking front wheel drive engineering.

1939

Citroën launches the 'TUB', a supremely practical modern design with a sliding side door: its successor is the famous Type H, above, launched in 1948.

1948

The much-loved 2CV is created as a "safe and economical vehicle, able to carry 4 people on-board and 50 kg of luggage". More than 5 million are made.

1955

Unveiled to a stunned public at the 1955 Paris Motor Show, the DS takes futuristic design to new heights. Its stunning aerodynamic shape, created by Flaminio Bertone, earns it the nickname 'flying saucer'.

1968

It's a golden age for light and agile vehicles like the Ami 6, Dyane and Mehari, a unique design for all roads and multi-purpose use.

2014

Winners of the Manufacturers' Rally Raid World Cup from 1993 to 1997; Rally Raid World Cup Drivers' Champion five times in a row; eight Manufacturers' Champion titles in WRC plus three in WTCC... Citroën has continued to demonstrate exceptional sports pedigree upon returning to WRC in 2017.

A CITROËN VAN FOR EVERYONE

From the busy city centre to the open road, every trip will be comfortable and stress-free. Citroën design and engineering keeps it that way.

NEW CITROËN
ë-DISPATCH – 100% ELECTRIC
WORKING SMART,
WORKING HARD

DESIGN

Advanced, well equipped and effortlessly functional, Citroën ë-Dispatch is designed for professionals. Built on a proven modular platform, this is a vehicle that delivers more practicality, extra comfort and cutting edge safety.

GOING LOWER

With a height of 1.9m, the Citroën ë-Dispatch can access all kinds of places that are off limits for rival vans. From underground car parks to airports and shopping centers, you're now able to enter!

USEFUL VEHICLE LENGTH

SERIOUSLY ACCOM- MODATING

Offering up to 5.3m³ of flexible load space, Citroën ë-Dispatch is designed to carry everything you need, safely and securely. The rear doors can be specified to open to 180 degrees, which makes working in cramped conditions much easier. To complete the practical picture, there is a 12V socket positioned near the back of the cargo area on all versions.

CITROËN ë-DISPATCH	 UP TO 5.3m ³	 3	 UP TO 1.38m
	 UP TO 2.4m	 UP TO 1000kg	 UP TO 1.25m

ON YOUR SIDE

Citroën ë-Dispatch maximises accessibility and ease of loading through its core design and innovative details. Equipped as standard with two sliding side doors, the 93cm opening enables easy loading and unloading for deliveries with large storage boxes

— AVAILABLE IN 100% ELECTRIC — 

**THOUGHTFUL
STORAGE**

Citroën ë-Dispatch is designed around the demands of working life. That's why you'll find numerous useful storage spaces for everyday equipment and valuable tools. There are two door pockets large enough to swallow 1.5 litre bottles, a big storage area under the passenger seat, open-and-close glove box, dashboard mounted cup holders, plus an A4 sized storage shelf at the top of the centre console: space for everything a busy day demands.

7 INCH COLOUR TOUCHSCREEN*

For state of the art clarity and instant fingertip control of all multimedia functions, Citroën ë-Dispatch is equipped with a bright 7 inch colour touchscreen, a USB plug, all keep you fully connected wherever you go.

8 YEARS/160,000KM**

ELECTRIC MOTORISATION

Behind the wheel, you'll immediately notice that the torque is available instantly, giving you a smooth driving experience. The electric motor of New Citroën ë-Dispatch provides power of 100 kW, the equivalent of 134hp, and a maximum speed of 132km/h.

Three driving modes are available: «Normal» is a perfect balance between range and dynamic performance; «Eco» optimises energy consumption; and «Power» delivers identical performance to that of the unladen vehicle, even when fully loaded. Ingeniously, «Brake» mode increases the deceleration of the vehicle without pressing the brake pedal, thereby recovering energy for the motor.

Whilst it's undeniably comfortable due to its lack of noise and vibration, the New Citroën ë-Dispatch is also easy to use: a selector, placed on the centre console, controls the gearbox using the Park, Rear, Neutral, Drive and Brake functions.

EASY RECHARGING

The New 100% electric Citroën ë-Dispatch sets itself apart with its emphasis on ease of use. There are three battery-charging methods, as well as a complete ecosystem of practical services. The charging flap is located on the front left wing and incorporates an LED so you can visually monitor the process. Note that Citroën guarantees the electric battery for eight years or 160,000 km, for 70% of its charging capacity.
