

# NETA X

Xperience Tech with EV

## Xcellent in Style

Mecha design , avantgarde and dynamic

## Xcellent in Intelligent

Level L2 Intelligent Driving Assist / Intelligent Cockpit

## Xcellent in Space

2770m Long Wheelbase

## Xcellent in Ownership Cost

Much lower than ICE

# NETA X Configuration

| Version                                   |                              |
|---|------------------------------|
| <b>■ BASIC PARAMETER</b>                  |                              |
| Length x Width x Height (mm)              | 4619 x 1860 x 1628           |
| Wheelbase (mm)                            | 2770                         |
| Wheel Type                                | Alloy                        |
| Tyre Size                                 | 225/60 R18                   |
| Seating Capacity                          | 5                            |
| WLTP EV Range (km)                        | 410                          |
| WLTP EV Range - City (km)                 | 524                          |
| Kerb Weight (kg)                          | 1740                         |
| Turning Radius (m)                        | 5.75                         |
| <b>■ EMISSIONS</b>                        |                              |
| VES Banding                               | A1                           |
